Review and Award Cycles

	Cycle I	Cycle I	Cycle II	Cycle III
Scientific Merit Review	June - July	June - July	October - November	February - March
Advisory Council Review *	August	October	January	May
Earliest Project Start Date **	September	December	April	July

NOTES:

* Advisory Council Review: month listed is as recorded in NIH's grants database and reported in eRA Commons. The actual date of the Council may be in the month before or after. For example, some ICs may actually hold the January Council meeting in February or the October Council in September.

** Awarding components may not always be able to honor the requested start date of an application; therefore, applicants should make no commitments or obligations until confirmation of the start date by the awarding component.
